ILLINOIS HOME BUILDERS POLITICAL EDUCATION COMMITTEE

Illinois

Home Builders Political Education Committee

What is IHBPEC?

IHBPEC is the Political Action Committee of HBAI. It provides HBAI Members with an active political voice through the support of elected officials and candidates committed to the future of the housing industry in Illinois.

An investment in IHBPEC is a sound business decision that reaps big rewards. Where else can you invest so little and get so much back annually on your investment?

While dozens of PACs in Illinois have surpassed \$250,000 in annual contributions, the home construction industry gambles each year with a budget that rarely exceeds \$100,000. Ask yourself, does this seem like an appropriate amount of insurance for an industry responsible for 5% of the state's economy? The answer is NO.

**“Effective Political Advocacy
Committed to Sustained
Housing Excellence
Throughout Illinois”**

Why Support IHBPEC?

“Powerful Advocacy”

HBAI's governmental affairs staff monitors an average of 4,000 bills annually in the Illinois General Assembly. Our record of success in state government is unsurpassed.

Your involvement can positively affect:

**Building Code Mandates
Labor & Small Business
Impact Fees
Environment & Energy
Land Use
Taxation
Licensure & Regulation
Affordable Housing**

*100% of your donation goes
directly toward political contributions.*

How do I contribute?

A minimum contribution of \$100 from each individual member would put the housing industry in a stronger position to implement a pro-active political and legislative agenda. This targeted amount would raise \$300,000 in PAC funds which could provide big dividends for you and your company.

A contribution of \$100 or more will earn a membership in the Capitol Club, a highly regarded membership in the home building industry.

**If you are part of the home
construction industry in
Illinois, a contribution to
the Illinois Home Builders
Political Education
Committee should be an
essential component of
your overall business
strategy.**
